DRINKS LIST

We are the first truly authentic Persian bar and kitchen in London. Some of our cocktails such as Lavashak and Coffee Glasse' are based on kids treats that are nostalgic to many Persians. Others are made with spirits infused with Persian herbs and spices from all over Iran such as saffron, sumac and cardamom.

We don't shy away from classics. How can you not love a good old Negroni or Old fashion?

In any case if you don't see the drink you fancy from our carefully curated cocktail list just name it and we will make it.
